

Alot of my ideas and stuff i struggled with was Formatting and how i would set up the page to keep it intresting

Sadly i rean out of time to add alot of the complicated sutff

Ran out of time to be able to save them to the pdf but got close i think

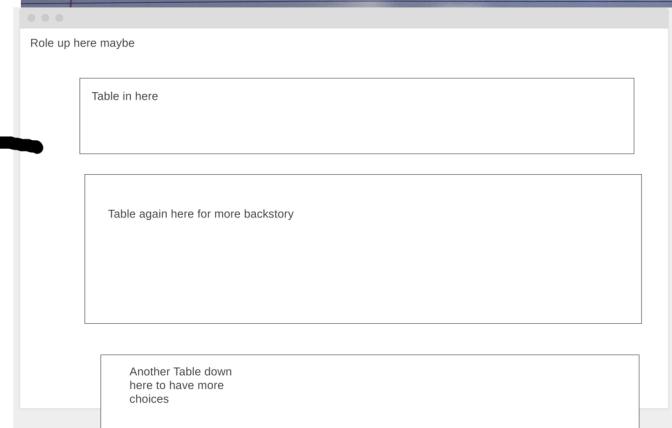

how i based my role selection

Original Idea:

Make a nice website to help make a character in the tabletop RPG Cyberpunk Red base it off of the lancer website because thats nice

Wireframe of the role specific backgorund

There was SO much to write down in terms of information
